ANNEXURE-C TO THE DIRECTORS REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

To,
The Members/Shareholders,

Economic Review

Global Economy

The global economy has sustained remarkable resilience in 2025, maintaining robust activity amid significant policy shifts and ongoing uncertainty. Key contributors to this steady growth remain increased government spending, resilient household consumption, and unexpectedly strong labour force participation.

According to the IMF's July 2025 World Economic Outlook, global growth is projected at 3.0% for 2025 and 3.1% in 2026, slightly lower than previous forecasts but still reflecting the economy's adaptability. Advanced economies are expected to grow modestly, while emerging markets, despite slower growth than prior years, continue to outperform the global average. India retains its position as the world's fastest-growing major economy, with a revised forecast of 6.4% for 2025

The world economy enters FY2026 with notable strength and adaptability, marked by modest but stable growth and uneven progress on inflation. The outlook remains clouded by policy uncertainty, trade frictions, and geopolitical risks, requiring vigilant, responsive policymaking to maintain momentum

Indian Economy

The Indian economy demonstrated remarkable resilience and sustained robust growth during the financial year 2024-25, supported by prudent macroeconomic policies orchestrated by the Reserve Bank of India (RBI). The RBI's proactive monetary policy management, with calibrated interest rate adjustments and liquidity measures, effectively balanced inflationary pressures alongside encouraging sustainable economic expansion. These policies ensured continued financial sector stability, reinforcing India's economic foundations amid a dynamic global environment.

India's economic momentum is reflected in its stock market performance, which reached record highs in 2024-25. This surge encapsulates strong investor confidence anchored on structural reforms, a favorable demographic dividend, and rapid technological advancements across key sectors. The equity markets' historic peaks underscore India's long-term growth narrative, attracting both domestic and international investors committed to its growth story.

The International Monetary Fund (IMF) has revised India's GDP growth forecast upward to 7.0% for the fiscal year 2024-25, acknowledging improved private consumption, particularly in rural regions, and sustained domestic demand. This upward revision follows an impressive GDP expansion rate of 8.2% in 2023-24, surpassing the previous fiscal year growth of 7.0%, bolstered by an unexpectedly strong performance in the final quarter of 2023-24. For the year 2025-26, the IMF projects a growth rate of approximately 6.5%, highlighting the continued strength from a rising working-age population and robust internal market dynamics.

India remains the fastest-growing major economy among emerging and developing nations, steering global growth trends. The combination of government reforms, demographic advantages, and expanding technological infrastructure continues to position India as a pivotal player in the international economic arena, with sustained prospects for stable and inclusive growth.

Company Overview

Mehta Integrated Financial Limited (hereinafter referred as "MIFL" the Company) is an Ahmedabad based-diversified Merchant Banking Company (MB) registered with Securities Exchange Board of India (SEBI). Incorporated in 1985, the Company engaged in providing Merchant banking services to Corporates. The Company offers a wide range of financial services such as lead manager services, valuation report of corporates, banker to an issue, underwriting services for the purpose of Initial public offering & further Public offering to the Corporates.

Industry Structure and Developments

India has a diversified financial sector undergoing rapid expansion both in terms of strong growth of existing financial services firms and new entities entering the market. The sector comprises commercial banks, insurance companies, non-banking financial companies, co-operatives, pension funds, mutual funds and other smaller financial entities. The banking regulator has allowed new entities such as payment banks to be created recently, thereby adding to the type of entities operating in the sector. However, the financial sector in India is predominantly a banking sector with commercial banks accounting for more than 64% of the total assets held by the financial system.

The Government of India has introduced several reforms to liberalise, regulate and enhance this industry. The Government and Reserve Bank of India (RBI) have taken various measures to facilitate easy access to finance for Micro, Small and Medium Enterprises (MSMEs). These measures include launching Credit Guarantee Fund Scheme for MSMEs, issuing guidelines to banks regarding collateral requirements and setting up a Micro Units Development and Refinance Agency (MUDRA). With a combined push by Government and private sector, India is undoubtedly one of the world's most vibrant capital markets.

Opportunity:

- Facilitated creation and allocation of credit and liquidity
- Playing a vital role in economic development of a country. Financial services are serving as intermediaries for mobilisation of savings.
- Encouraging both savings and investment.
- Helps in capital formation.
- Helps in allocation of risk.
- Facilitating expansion of financial markets.
- Assist the process of balanced economic growth.

Threats:

- Regulatory or legislative changes
- Non-Performing Assets (NPAs) and Bad Loans
- Economic slowdown
- Cybersecurity and Data Privacy
- Asset price volatility
- Interest rate fluctuation
- Tech or system failure

Segment wise Performance

The Company primarily operates in Capital Market Investments and Consulting. The capital raising activity gathered momentum during the year under review. Foreign investors are very positive in India and its policies. The recovery proceedings are going on in a lawful manner. The capital market consulting activity continued at slow pace and the investments have fared better in line with growth of the economy.

Outlook

In recent months, several multilateral agencies have revised their projections for global economic growth in 2025. The International Monetary Fund (IMF) has updated its forecast for world economic growth to 3.0% for 2025, a slight upward revision from earlier estimates. For India, the IMF projects GDP growth at approximately 6.4% for the fiscal year 2025-26, reaffirming India's status as the fastest-growing major economy globally. On the inflation front, the Reserve Bank of India (RBI) projects headline Consumer Price Index (CPI) inflation to moderate to around 3.1% for FY26, assuming normal monsoon conditions. The persistent inflation targeting framework, supported by a contractionary fiscal policy, is expected to help contain inflationary pressures on a sustained basis

The Central Government has successfully reduced its fiscal deficit to 4.8% of GDP in FY25 from 5.8% in FY24, thus surpassing its earlier target of 5.1%. For FY26, the government aims to further bring down the fiscal deficit to 4.4% of GDP. Moreover, the government has budgeted lower gross market borrowings for FY26 at Rs. 14.82 lakh crore compared to FY25, with Rs. 8 lakh crore planned in the first half of the year. This calibrated borrowing plan is likely to ease supply pressure in the market, positively influencing interest rates. The fiscal consolidation combined with robust capex and strategic easing of funding costs for NBFCs is set to support growth in infrastructure while also stabilizing financial market conditions in 2025-26

The Company is exposed to specific risk that are particular to their respective business and the environments within which they operate, including market risk, competition risk, credit risk, liquidity and interest rate risk, human resource risk, operational risk, information security risk, regulatory risk, and macro-economic risks. The level and degree of each risk varies depending upon the nature of activity undertaken by them. INDEPENDENT AUDITORS' REPORT

To,
The Members of
Mehta Integrated finance Limited

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **Mehta Integrated finance Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2025, and the statement of Profit and Loss, including the statement of other Comprehensive Income, statement of cash flow and the statement of Changes in Equity for the year the ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its financial performance including other Comprehensive income its cash flows and the changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Opinion

Key Audit Matters in our professional judgments have been properly addressed in the audit process of Financial Statements and does not deserve our separate opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexure to Directors' Report, Business Responsibility Report and Corporate Governance, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that

are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude, that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure-A** statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE“B” TO THE INDEPENDENT AUDITORS' REPORT of even date on the Standalone Financial Statements of Mehta Integrated Finance Ltd.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Mehta Integrated Finance Ltd** (“the Company”) as of 31st March, 2025 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE ACCOUNTS**SIGNIFICANT ACCOUNTING POLICIES:****1. Corporate information:**

The company is incorporated under the Indian Companies Act, 1956/2013, having its registered office situated at 003, Law Garden Apartment, Scheme-I, Opp. Law Garden, Ellis- bridge, Ahmedabad-380006. The Company is SEBI Registered Merchant Banker and is investing its surplus funds for long term gains. The company invests in equity market and other markets to optimize return on funds. The Company's equity share is listed on the Bombay Stock Exchange i.e. BSE Ltd.

The financial statements are approved for issue by the Company's Board of Directors on May 30, 2025.

2. Statement of compliance:

The standalone financial statements have been prepared in accordance with IND AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

Up to the year ended March 31, 2017, the Company prepared its standalone financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with rules there under ('Indian GAAP' or 'previous GAAP'). These are the Company's Eighth IND AS financial statements. The date of transition to IND AS is April 1, 2016. These standalone financial statements comprising of Balance Sheet, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows as at March 31, 2025 have been prepared in accordance with Indian Accounting Standards ('IND AS') as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting Policies have been consistently applied except where a newly issued IND AS is initially adopted or a revision to an existing standard requires changes in the accounting policy there to in use.

The Company presents the Balance Sheet, the Statement of Profit and Loss and the statement of changes in

Equity in the order of liquidity as per the format prescribed under Division III of Schedule III to the Companies act 2013.

3. Basis of preparation and presentation of standalone financial statements:

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below:

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value form measurement and/or disclosure purposes in these standalone financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly ; and
- Level 3 inputs are unobservable inputs for the asset or liability.

4. The principal accounting policies are set out below:

a. Use of estimates:

The preparation of these standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the standalone financial statements and the reported amounts of income and expense for the periods presented. The estimates and assumptions used in the accompanying standalone financial statements are based upon management's evaluation of relevant facts and circumstances as at the date of the financial statements. Actual results could differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year is in respect of useful lives of property, plant and equipment and provisions and contingent liabilities.

Critical accounting judgments and key sources of estimation uncertainty

(i) Impairment of Non-financial assets

Impairment exists when the carrying value of assets exceeds its recoverable amount, which is higher of its fair value less cost of disposal and its value in use. The value in use is determined based upon discounted cash flow model which is derived from the budget determined by the Company. The recoverable amount is sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used.

(ii) Provisions and contingent liabilities:

A provision is recognized when the Company has a present obligation as a result of past event and it is probable than an out flow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

(iii) Other estimates:

The preparation of standalone financial statements involves estimates, classification and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of standalone financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer concentrations, customer credit- worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

b. Revenue recognition:

Revenue from contracts with customers

The Company determines revenue recognition through the following steps:

- (a) Identification of the contract, or contracts, with a customer.
- (b) Identification of the performance obligations in the contract
- (c) Determination of the transaction price.
- (d) Allocation of the transaction price to the performance obligations in the contract.
- (e) Recognition of revenue when, or as, we satisfy a performance obligation.

Nature of Services

Merchant Banking and Advisory Services

The Group derives main revenue from corporate advisory services. The Group specialize in providing value added advice and services to our clients on complex strategic and financial decisions and transactions focused around Fund Raising, Mergers & Acquisitions, Equity & Debt Private Placements, Initial Public Offerings, Corporate Advisory, and Capital Restructuring. Income from corporate advisory services is recognised upon rendering of services.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is accounted for when the right to receive it is established.

c. Tangible Fixed Assets:

Company do not have immovable assets (Land & Building).

Furniture, Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognized so as to write off the cost of assets less their residual values over their useful lives, using the Written down Value Method (WDV). The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

d. Depreciation on tangible fixed assets:

Depreciation is calculated using the Written down method to allocate their cost, net of their residual values, over their estimated useful life prescribed under Schedule II to the Companies Act, 2013. Useful life of Property Plant and Equipment are reviewed at each balance sheet date and adjusted prospectively, if appropriate. The Company provides pro-rata depreciation from the date on which the asset is available to use, till date the assets are sold or disposed.

e. Impairment of tangible assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

As per the management's view there is no impairment of any assets during the year 2024-25.

a. Non-current assets held for sale

The company do not have non-current assets held for sale.

b. Borrowing Costs:

The company do not have any borrowings except interest free corporate loan and hence do not have borrowing cost during the year.

c. Inventories:

The company do not have inventory therefore disclosure as to its valuation and method of valuation does not arise.

d. Financial instruments:

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities other than financial assets and financial liabilities at fair value through profit or loss are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

The Company classifies its financial assets as per IND AS 109 those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and those to be measured at amortised cost. The company has made an irrevocable election not to present the other comprehensive income and subsequent changes in the fair value of equity instruments not held for trading.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable of financial assets and liabilities at fair value through profit or loss are immediately recognised profit or loss.

Financial assets at amortised cost:-

Financial assets subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

As per the policy, when the financial assets are sold, the gain / loss arises out of the transactions are recognised as other income as "Long Term / Short Term Gain / Loss".

Impairment of financial assets :-

The Company assesses at each of Balance Sheet date whether a financial assets or a group of financial assets is impaired. IND AS 109 requires expected credit losses to be measured through loss allowance. The Company recognizes lifetime expected credit losses for all contracts and/or all trade receivables that do not constitute financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Out of the total quoted investments, Rs. 3.05 lakhs have been impaired during year 2023-24 upon closure of investee entities and the same have been written off during the year 2023-24 through profit & loss account.

De-recognition of financial assets:-

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognizes collateral is borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been

recognized in other income and is recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

Financial liabilities and equity instruments

Classification as Loans or Equity :-

Unsecured Corporate Loan instruments taken by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities :-

All financial liabilities are subsequently measured at amortised cost using the effective interest method, however, company has taken interest free loans from corporates and hence interest cost is nil for the company.

Financial guarantee contracts :-

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debt or fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company entity are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of IND AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of IND AS18.

De-recognition of financial liabilities :-

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Offsetting Financial Instruments :-

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or real is the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

e. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, Balance with Bank, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. The company do not have bank overdraft.

f. Foreign currency:

The functional currency of the Company is Indian rupee (INR).

The company do not have any transactions in foreign currency or any currency other than functional currency.

g. Retirement and other employee benefits:

(i) Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at Balance sheet date. Actuarial gains and losses are recognised in full in the other comprehensive income for the period in which they occur. Company has not separately invested / taken any policy for terminal benefits of employees.

(ii) Defined contribution plans

Company is not contributing to defined contribution plans as the total number of employees of the company are below legal minimum threshold limit.

(iii) Compensated absences

As per the policy of the company, unutilised and accumulated leaves lapses at the end of financial year.

h. Income Tax:

Income tax expense represents the sum of the tax currently payable and deferred tax and MAT Credit.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the period

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

MAT credit that is equivalent to the tax paid in excess of MAT over normal tax liability can be carried forward up to a period of 15 assessment years from the year MAT credit was generated. The company has provided for current tax of Rs. 1.89 Lakhs (MAT) by debiting Profit & Loss Account. However, the same has been considered as Long Term Asset under "MAT Credit Entitlement".

i. Segment Reporting:

The Group has only one segment i.e. Financial Advisory & Intermediation services. There are no separate reportable segments in terms of Ind AS 108. All assets of the Group are domiciled in India.

j. Provisions and contingencies:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking in to account the risks and uncertainties surrounding the

obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

k. Earnings per equity share:

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the standalone financial statements by the Board of Directors.

l. Operating Cycle:

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and the realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Note 18 - Financial risk management objectives and policies

Disclosure as per paragraph 134 and 135 of Ind AS 1 on Capital

For the purpose of the Company's capital management, capital includes issued capital and other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholders value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company's activities expose it to a variety of financial risks including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

The Company's financial risk management policy is set by the management. Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. The Company manages market risk which evaluates and exercises independent control over the entire process of market risk management. The activities include investment in mutual fund (debt and equity), Equity Shares, Debentures, Alternative Investments plans, Real Estate Exposure through non-convertible debentures /as capital contributions in subsidiaries and other strategies investments. The market value and future yield on debt fund will fluctuate because of changes in bank rate, RBI Policy and market

interest rates while market value of the equity instruments changes on account of performance of various industries / investee in which the Company has made an investment. In order to optimize the Company's position with regards to appreciation in value of mutual fund and to manage the interest rate risk, it performs a comprehensive corporate interest rate risk management by balancing the proportion of floating rate and accruals financial instruments in its total portfolio.

a. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments, inter-corporate deposits and financial guarantees. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counter party credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counter parties, taking into account their financial position, past experience and other factors. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

(i) Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. An impairment analysis is performed at each reporting date on an individual basis. The Company does not hold collateral as security for outstanding trade receivables. The old trade receivables to the tune of Rs. 408.02 Lakhs are due from company under same management and the same are fully recoverable as per the management's perspective and there is no need for providing for Bad & doubtful Debts.

(ii) Investments and other financial assets

The Company limits its exposure to credit risk by generally investing in liquid securities, equity shares, mutual funds and other investments and only with counter parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors. For derivative and financial instruments, the company attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned. The Company does not expect any material credit risk on account of non-performance by counter parties to whom the financial assets receivables.

(iii) Financial assets that are past due but not impaired

Credit risk from balances with banks and financial institutions is managed by the management in such a manner that it is exposed to the lowest possible risk. None of the Company's cash equivalents, including term deposits (i.e., certificates of deposit) with banks, were past due or impaired as at March 31, 2025.

b. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company invests its surplus funds in various marketable securities to ensure that the sufficient liquidity is available. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company also has access to a sufficient variety of sources of funding with the banks. Considering surplus funds invested in liquid investments, the Company does not perceive any liquidity risk.

c. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows related to financial instrument that may result from adverse changes in market rates and prices (such as foreign exchange rates, interest rates, other prices). The Company is exposed to market risk primarily related to currency risk, interest rate risk and price risk.

i. Currency risk

The Company has no foreign currency denominated assets. Accordingly, the exposure to currency risk is NIL.

ii. Interest rate risk

The Company's investments are primarily in variable rate interest instruments. However, the exposure to interest rate risk is insignificant.

iii. Price risk

Price risk is the risk that the value of the financial instrument will fluctuate as a result of changes in market prices and related market variables including interest rate for investments in debt oriented mutual funds and debt securities, whether caused by factors specific to an individual investment, its issuer or the market. The Company exposed to price risk from its investment in Mutual Funds, listed Equity Shares, Bonds classified in the balance sheet at cost.

Note : 19 Financial Ratio

Disclosure of ratios, is not applicable to the Company as it is in merchant banking business and not an NBFC registered under Section 45-IA of Reserve Bank of India Act, 1934.

Note:20 First-time adoption of IND AS – mandatory exceptions, optional exemptions:

These financial statements for the year ended March 31, 2025, are the Company's Seventh IND AS financial statements which has been prepared in accordance with IND AS. For periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with relevant rules of the Companies (Accounts) Rules, 2014 (Indian GAAP or IGAAP).

Accordingly, the Company has prepared financial statements which comply with IND AS applicable for periods ending on March 31, 2025, together with the comparative period data as at and for the year ended March 31, 2024, as described in the summary of significant accounting policies. The Company has prepared the opening balance sheet as per IND AS by recognizing all assets and liabilities whose recognition is required by IND AS, not recognizing items of assets or liabilities which are not permitted by IND AS, by reclassifying items from Previous GAAP to IND AS, as required under IND AS, and applying IND AS in measurement of recognized assets and liabilities.

An explanation of how the transition from Previous GAAP to IND AS has affected the Company's Balance sheet, Statement of Profit and Loss, is set out here-in-after.

(i) **Employee Benefits:**

Under the previous GAAP, actuarial gains and losses on defined benefit liabilities were recognized in the statement of profit and loss. Under IND AS, the actuarial gains and losses form part of re-measurement of net defined benefit liability which is recognized in other comprehensive income. During the Financial year ended March 31st 2025, in the case of Employee Benefits as to gratuity's actuarial liabilities calculation was not undertaken by actuary. The same has worked out by the company to Rs. 0.45 Lakhs at the year ended 31st March 2025.

- (ii) While adopting IND AS for first time in F Y 2017-18 the company had provided for finance cost and other charges on corporate loans to the tune of Rupees Forty Lakhs by transferring the same to liabilities from other Equity. Based on current management assessment the liability is no longer required and thus provision made under IND AS from the Other Equity is reversed during the year 2023-24.

Note 21: Disclosure required under section 22 of the Micro, Small & Medium Enterprises Development Act 2016

The Company do not have any Trade payable as on 31st March 2025, hence disclosure relating to amounts unpaid with regards to trade payable as at the year-end under this Act has not been given.
